

Active Lives Children and Young People

Teacher Questionnaire Summary

Introduction

This document has been created to summarise the content of the Active Lives Children and Young People questionnaire for teachers. Only one teacher per school needs to complete the questionnaire.

The teacher survey provides context for pupils' responses and reduces the need to ask children questions that can be answered once by a teacher, e.g. questions that are common to the school.

Responses from the teacher survey are also used in the school report so if it is not completed there will be missing information in the school report. It is therefore also important that the teachers enter the correct URN to make sure that their responses are associated with the right school.

Additional information is highlighted in *green text*. Changes to the survey for 2018-19 are included in *orange text* for ease of reference.

Homepage

On entering the URL, teachers will see the following screen. Teachers can access the survey at a later date using the URN provided.

They should select 'Next' to continue.

A screenshot of a survey homepage with a blue border. The text inside reads: "We are doing a survey with pupils in your school about participation in leisure and recreational activities (including sport and physical activity). It is being conducted on behalf of Sport England, the Department for Education, the Department of Health and the Department for Digital, Culture, Media and Sport by Ipsos MORI, an independent social research organisation. We would like to ask you a few questions about opportunities for sport and exercise at the school to supplement the information we have collected from pupils and provide the school context for the pupil responses." Below this is a smaller line of text: "Please enter your school's unique reference number (URN) which was provided by your CSP along with the link to this questionnaire. Entering the URN allows you to re-enter the survey if you have to close it before finishing and your previous answers will have been saved." There is a text input field below the instructions. At the bottom center, there is a blue button labeled "Next".
