Brief description of the Event:

This Team Building event is for key stage 2 & 3. The event is all about building relationships and social skills with peers after lockdown. This event would suit all student but especially those who have struggled with relationships during lockdown. There are 10 team building activities to attempt which can be found [HERE](#). To achieve Bronze each student would attempt 4 activities, Silver 6 activities and Gold 8 activities. No specialist equipment is needed for any of the team building activities but if you do not have the equipment needed please feel free to adapt the activity to suit your needs. Each activity can be differentiated to suit your students making the tasks easier or harder depending on your needs.

Before You Start:

Download and read through each teambuilding activity and decide which ones you are going to attempt. Please look at equipment and safety requirements before starting. Please adapt any activities to suit your school and students.

Teaching Points:

Each activity sheet gives a brief of how to attempt the activity, equipment needed, safety precautions, differentiation tasks and learning outcomes.

Scoring:

This event is all about students re-learning how to communicate with their peers and learning how to problem solve as a team. Because of this we wanted to keep the scoring simple and focus more on the student's outcomes. This means you do not need to keep score only knowledge of how many activities students attempted. Each activity can be made to have a competition element if required for your group.
